<i>Education, Science and Technology</i>		HOUSE BILL NO. 6220 – AN ACT ESTABLISHING A NATIONAL HIGH SCHOOL IN THE CITY OF BACOOOR, PROVINCE OF CAVITE TO BE KNOWN AS THE BACOOOR CITY NATIONAL SCIENCE HIGH SCHOOL AND APPROPRIATING FUNDS THEREFOR.	PCR-186-2023	
VENUE	S.P. Session Hall, 2 <sup>nd</sup> Floor, Bacoor Government Center		DATE/TIME	09 January 2023 10:30 AM

**COMMITTEE REPORT**  
**No. EST-003-S-2023**

The Committee agreed for the establishment of the said Science High School, Bacoreño students with strong inclination in Math and Science will be given access to more advanced education and higher level training. This will further develop their scientific and empirical thinking, technological and mathematical skills and may become future great nation builders.

The requested City Resolution is required for the completed staff works of the proposed bill prior to it being scheduled for Committee Hearing by the Committee on Basic Education and Culture.

**RECOMMENDATION:**

The members of the Committee on Education, Science and Technology through Hon. Victorio L. Guerrero, Jr., Chairman of the Committee recommends the **APPROVAL** of passing a city resolution regarding the above subject matter while the Internal Rules were **SUSPENDED** during the 25<sup>th</sup> regular session of the Sangguniang Panlungsod.

WE HEREBY CERTIFY that the contents of the foregoing report are true and correct.

Signed this 9<sup>th</sup> day of January 2023 at the City of Bacoor, Cavite.

MINUTES OF COMMITTEE HEARING  
No. EST-003-S-2023

Rep. Lani Mercado-Revilla sent a letter to Bacoor City council requesting the body for a city resolution endorsing the proposed House Bill No. 6220 which was duly filed by the honorable Congresswoman in the 19<sup>th</sup> Congress.

Under the proposed House Bill No. 6220 filed by Hon. Lani Mercado-Revilla, 2<sup>nd</sup> District of Cavite Representative, the Bacoor National Science High School shall be institutionalized. Most of the Filipino children, Bacooreño's in particular have less access to education. Based on the observation of UNICEF (United Nations International Children's Emergency Fund), the quality of education is problematic and conducive learning environments are lacking. By establishing secondary science high school, students will have a strong science and technology program. It will develop scientific thinking, technological and mathematical skills in order to become great nation builders.

In order for the school to be operationalized, the proposed House Bill provides that the funds shall be included in the budget of the Department of Education under the annual General Appropriations Act. The House Bill also provides that the Secretary of Education will create the Implementing Rules and Regulations necessary to carry out the purpose of this Act.

The Committee on Education, Science and Technology chaired by Hon. Guerrero together with the members of the city council recommends for the **APPROVAL** of the above subject matter with the Internal Rules **SUSPENDED** during the 25<sup>th</sup> regular session of the Sangguniang Panlungsod.

HOUSE OF REPRESENTATIVES

HOUSE BILL No. 6220

Introduced by REPRESENTATIVES LANI MERCADO-REVILLA,  
BRYAN B. REVILLA AND RAMON JOLO B. REVILLA III

AN ACT  
ESTABLISHING A NATIONAL HIGH SCHOOL IN THE CITY OF BACOR,  
PROVINCE OF CAVITE TO BE KNOWN AS THE BACOR CITY NATIONAL  
SCIENCE HIGH SCHOOL AND APPROPRIATING FUNDS THEREFOR

#### EXPLANATORY NOTE

The UNICEF observed that despite being a middle-income country with enough resources to support children's education, many Filipinos miss out on opportunities to learn. Fewer children have access to education, the quality of education is problematic and conducive learning environments are lacking. Studies also revealed that Filipino students have low retention of concepts, have limited reasoning and analytical skills and poor communication skills. (UP NISMED 2005)

The students' low performance in these indicators is primarily due to the quality of teachers, teaching-learning process, school curriculum, instructional materials and administrative support. (DOST-SEI 2006)

One way to improve the competency of Filipino students is to develop a curriculum that strengthens the scientific inquiry of students. By establishing secondary schools that have strong science and technology program, students are trained to have a perspective geared on scientific inquiry that will someday be useful to the nation's development.

On this premise, this bill proposes the establishment of Bacoor City National Science High School in the City of Bacoor, Province of Cavite. Through the establishment of said science high school, Bacooreño students with strong inclination in math and science will be given access to more advanced education and higher level training aligned with their gifts. It will further develop their scientific and empirical thinking, technological and mathematical skills in order to become great nation builders.

Immediate approval of this measure is earnestly sought.
