III. Approval of Local Shelter Plan (LSP) 2024-2032

- Ar. Lai Macabudbud from HUDRD presented the purpose and outlined the contents of the LSP (Soft copy file can be viewed at <https://rb.gy/wcyml1>).
- Engr. San Jose emphasized the need for the LSP to provide solutions for the issue of ISFs in Bacoor City, specifically addressing the increasing number of ISFs and suggested including this in the plan. The following insights were shared in line of this:
 1. Engr. San Jose proposed that the LHB create a resolution urging the Sangguniang Panlungsod to implement stricter policies regarding informal settlers or barangays permitting illegal structures in Bacoor's public areas due to the rising ISF population.
 2. The proposal to consolidate ACPOPS, BPSU, and CICU, as outlined in the LSP's work and financial plan aimed at enhancing the workforce for removing nuisances and illegal structures in public spaces and ensuring their maintenance, has already been implemented by City Ordinance 298-2023, which established the Department of Public Safety in the City of Bacoor.
 3. CO 215-2022 (Anti-squatting and Informal Settler Reintegration Ordinance of Bacoor), EO 56-2022 (IRR of CO 215-2022), and EO 67-2022 (ACPOPS) were cited as responses to these suggestions. However, Atty. Neri directed the offices mentioned in Section 8 to establish rigorous IRR and formulate an implementation plan for CO 215-2022, encompassing workforce, logistics, budgetary requirements, etc. to strengthen the action against professional squatters and squatting syndicates.
 4. It was also suggested that the count of ISF returnees be updated for the forthcoming LHB meeting. Along with this, the importance of updating the CBMS as a key part of the Local

Shelter Plan's strategy was underscored. This update will serve as a baseline which will help the local government to identify any new structures built by the ISFs.

5. Moreover, Mr. Vocalan recommended that barangay Captains certify the cleared and secured status of premises within their jurisdiction after relocation and clearing programs which was further supported by the PNP Representative who proposed that barangays should be mandated to issue a monthly certification of cleared and secured areas. This measure aimed to hold barangay officials accountable and deter the facilitation of ISF proliferation. The subsequent issuance of an ordinance to support CO 215-2022 shall be drafted.
- Engineer San Jose proposed an LHB Resolution to endorse the LSP to the Sangguniang Panlungsod. Mr. Vocalan seconded the motion, and it was approved without any objections from the assembly.

IV. Approval of Relocation and Resettlement Action Plan (RRAP) 2024-2030.

Ms. Duller clarified that RRAP serves as the execution strategy for the Local Shelter Plan, specifically emphasizing relocation and resettlement programs for housing. Mr. Vocalan proposed that RRAP should function primarily as a set of guidelines, offering flexibility to accommodate unique cases as needed. Mr. Vocalan moved for an LHB Resolution endorsing the RRAP to the Sangguniang Panlungsod and the motion was seconded by Ms. Lita Gawaran, City Livelihood. With no objections from the body, the motion was approved.

V. Executive Order No. 18 Series of 2023: BCUDHB

With the changing of new members, the LHB will consult the admin for the appropriate endorsement of the LHB Executive Order reconstitution.

VI. Other Matters

- HUDRD to secure CTCs of TCT for Alma, Dulong Bayan, Salinas and Zapote 1 and check the availability of their ROW
- Atty. Neri moved for the cancellation of the Memorandum of Agreement (MOA) with Icon Builders regarding the Salinas 1 4PH project. There was a unanimous approval.
- Coordinate with Villar group for their list of ISF recipients of their financial assistance and crosscheck with the profiled household at Windmill City.
- Engineer San Jose highlighted Bacoor's potential to enter a turnkey agreement with a Developer rather than pursuing a PPP for the 4PH project, a plan acknowledged by DHSUD. He also noted that developing the Alma property would incur substantial costs due to the embankment, suggesting the necessity of leveraging resources from private developers.
 - ACPOPS was requested to attend upcoming LHB meetings to provide the board with updates on the current progress of clearing and securing areas previously occupied by beneficiaries of the relocation housing program.
 - ACPOPS shall be advised to prepare a schedule of their logistics, manpower and budgetary requirements for approval of the board.
 - Mr. Vocalan kindly reminded the team about the upcoming Manila Bay Waste Management meeting scheduled for December 15.
