COMMITTEE REPORT

CHS-PNOA-411-2024

Subject: **RESOLUTION NO. 2024-007: A resolution adopting Republic Act No. 10028 entitled "An Act Expanding the Promotion of Breastfeeding, amending for the purpose Republic Act No. 7600, otherwise known as "An Act Providing Incentives to all Government and Private Health Institutions with Rooming-In and Breastfeeding Practices and for other Purposes"**

The above-mentioned subject matter underwent first reading on March 25, 2024 during the 84th Regular Session of the Sangguniang Panlungsod. The said subject matter was referred by the Presiding Officer, Bacoor City Vice Mayor Hon. Rowena Bautista Mendiola to the Committee on Health and Sanitation.

FINDINGS:

A resolution adopting Republic Act No. 10028 entitled "An Act Expanding the Promotion of Breastfeeding, amending for the purpose Republic Act No. 7600, otherwise known as "An Act Providing Incentives to all Government and Private Health Institutions with Rooming-In and Breastfeeding Practices and for other Purposes", with the concurrence of the members of Sangguniang Barangay of Mambog 2 was passed during their Regular Session held last March 7, 2024.

The State adopts rooming-in as a national policy to encourage, protect and support the practice of breastfeeding. It shall create an environment where basic physical, emotional, and psychological needs of mothers and infants are fulfilled through the practice of rooming-in breastfeeding.

Breastfeeding has distinct advantages which benefit the infant and the mother, including the hospital and the country that adopt its practice. It is the first preventive health measure that can be given to the child at birth. It also enhances mother-infant relationship. Furthermore, the practice of breastfeeding could save the country valuable foreign exchange that may otherwise be used for milk importation.

Breastmilk is the best food since it contains essential nutrients completely suitable for the infant's needs. It is also nature's first immunization, enabling the infant to fight potential serious infection. It contains growth factors that enhance the maturation of an infant's organ systems.
