SUBJECT: A RESOLUTION CREATING A TASK FORCE THAT WILL STUDY THE FEASIBILITY OF ESTABLISHING A PUBLIC SCHOOL BUS SYSTEM IN THE CITY OF BACOOR, CAVITE TO IMPROVE THE FLOW OF TRAFFIC ON PUBLIC ROADS NEAR VARIOUS SCHOOLS, PROMOTE PUBLIC SAFETY, AND TO PROVIDE AN ADDITIONAL SOURCE OF REVENUE FOR THE BACOOR TRAFFIC MANAGEMENT DEPARTMENT (BTMD) TO BE USED TO AUGMENT THE SALARIES OF TRAFFIC AIDES. ***(PCR-684-2024 September 23, 2024)***

This report resolves a city resolution creating a task force that will study the feasibility of establishing a public school bus system in the City of Bacoor, Cavite to improve the flow of traffic on public roads near various schools, promote public safety, and to provide an additional source of revenue for the Bacoor Traffic Management Department (BTMD) to be used to augment the salaries of traffic aides.

FINDINGS:

The Bacoor Traffic Management Department (BTMD) submitted a report were revealed that roads adjacent to various schools within the City of Bacoor become traffic gridlocks during rush hour due to the influx or privately owned motor vehicles and public utility tricycles being used to drop off or pick-up students. The study shows that a significant amount of time which could have otherwise been used for productive work is lost everyday due to traffic congestion.

The Sanguniang Panlungsod believes that creating a task force that will study the feasibility of establishing a public school bus system in the City of Bacoor to improve the flow of traffic on public roads within the City that are near schools, promote public safety,

Konsehal Roberto Advincula: Thank you. Ayon po pwede po magtanong sa ami[illegible]g inyong mga katanungan, go ahead Konsehal Alde Pagulayan.

Konsehal Alde Pagulayan: Atty. actually clarify ko lang the resolution tackles 2 different issue creating the task force at the same time as a source of revenue for the Bacoor traffic management department to be used augment the salary of traffic aides. Madam Leslie paano ba yon makita by virtue of the passage of the resolution ma-augment ba yong salaries?

Ms. Leslie Morales: Good afternoon po. As far as I can remember po mga Councilors. Noong nakaraan pong meeting namin ang proposal po ni Atty. Atega para daw po mabawasan ang traffic kasi nga po palagi po natin nagiging problema po ang mga schools po. Dahil marami pong nag dadala ng kanya kanyang ebike's, etrike's, lalo po sa public school po pangsundo po sa mga bata. So nag propose po si Atty. Atega baka pwede daw po pag aralan or iconsider na magkaroon nga daw po ng parang school bus service para doon po sa mga bata sa public school where in na minimal lang daw po ang babayaran. Una po napagusapan sa barangay daw po kaso sabi nga po during time po ni Konsehal Randy Francisco na parang medyo mahirap po kung mga sasakyan ng barangay ang gagamitin para doon sa sinasabi na school service. Pero when it comes po sa magiging revenue wala pa po kami pinaguusapan ni Atty. Atega with that po. Yon lang po so far po knowledge po BTMD diyan para maibsan po ang traffic especially po sa mga public school po.

KONSEHAL REY PALABRICA: Maraming salamat po taga pangulo siguro ang proposal comes to Atty Atega para to address the traffic problem particularly in school areas. Ngaun ang proposal magkaroon tayo ng public bus system. Unang requirements niyan of course bus. Magkano ang isang bus kung dalawang million (2,000,000,) ilang skwelahan yan kung tig iisang bus gaano karaming pera ang kailangan. Pwede naman tayo makipag partner sa mga bus company yon ang mga requirements ng proposal na ito. Binabanggit ko lang po yan Mr. Chair at hingi din po tayo ng opinion because the propose measure create a task force to study the visibility of this proposal. So hingian na lang natin sila ng budget kung kaya ba nila yong budget. Makakahingi din tayo kay Treas. Edith Napalan ng opinion. Sa BTMD kung ano yong magiging situation in case na ma push thru okey ba to kasi bus kung mag hahatid kunyare sa Mambog 3 Elementary School baka wala na makadaan. So ibinibigay po namin sa inyo bilang mga concern officer's kung ano yong inyong opinion regarding this proposal. Yon lang po Mr. Chair, salamat po.

Konsehal Bok Nolasco: Ang nakikita ko din pong problema sa eskwela hindi pare-parcho ang residente hiwa-hiwalay yan eh ibig sabihin yong location ng residence ng mga studyante ay hindi iisang lugar lang so isa din po dapat pag aralan yan. Salamat po.

Konsehal Rey Fabian: Good morning po ang sa akin dahil kapag ang bus ang ginamit sa pag hatid sundo sa mga bata studyante. Napakalaki din po ng maintenance. Kasi ang isang truck syempre ginagamit yan araw araw tumatakbo ang maintenance niyan ay talagang malaki kasi mahal ang mga pyesa at langis. Ang inaalala natin kung paano mapopondohan ng City Government yong mga katulad niyan pag ginamit katulad ng sa Aniban ang kalsada ang liliit kapag naparadahan ng dalawang bus wala na. Imbes na nakakatipid tayo lalo magkakatraffic. Tama yong sinabi ni Konsehal Rey Palabrica na kung pwede sa contractor. Pero hindi bus ang gagamitin kasi napakalaki hindi ma aafford ng kalsada natin. Salamat po.

Konsehal Rey Palabrica: Mr. Chair I would like to reiterate my request manghingi tayo opinion sa bawat representative or resource person na nandito ngayon kung visible ba to kasi we will push thru with the creation of the Task Force for us to have the visibility study afterwards. May I reiterate the resource person beginning time to express their opinion regarding this. Thank you, Mr. Chair.

Konsehal Roberto Advincula: Okay thank you. Sige bigyan po natin ng pag ka[illegible]salita ang ating Treasury. Sa Treasury po muna bago po ang Planning.

Atty. Edith Napalan: Magandang umaga po ulet. Tama naman po si Konsehal Rey Palabrica. Ang sinasabi lamang po nitong ating proposal ngayon ay gagawa pa lamang po ng task force. Siguro po pwede naman po natin ituloy ang pagawa ng task force para po mailista po natin ang yong pros and cons. Ang akin lamang pong comment, wala po kasi si Dra. Pambid, dapat po kasi makasama siya kasi po sympre po sa kanya po natin malalaman yong kung gaano karadami po ang bata at kung magiging intersado po ba ung mga magulang na maengage doon sa public school bus. I think kulang lang po, kung sino pa po ang pwede na mai join natin kasi kulang po ang membership para ma study po natin ang pros and cons. Thank you po.

Konsehal Roberto Advincula: Okay po salamat po. Bigyan pa po natin ng iba pa pong pagkakataon magsalita go ahead maam.

Ms. Rowena Alcantara: Yaan din po ang isa ko pong nakita dito na wala po si Dra. Pambid since siya po rin ang nakakaalam kung ilan ang studyante sa public school ano yong mga pangangailangan ng bata at kung sino po talaga rin. Kasi una po meron naman po mga studyante na malalapit lang na hindi na nila kailangan gumamit ng sasakyan. Pwede lang na ihatid ng tricycle. And then siguro po kailangan din po dito mag conduct ng survey yon po ang pinaka maigi na gawin po natin para kung sino po ang mag aavail nitong public bus vehicle na ito at kung sino ang hindi. Para malaman din po natin kung ilan po ba ang kailangan natin bus at magkano rin po ang magagastos natin yon lamang po.

Ms. Mariza de Leon: Good morning po, kung sa proposal po na ito yon nga pong yong una depende po sa size ng kalye kung maaccess po ba yong particular bus na ma aavail. Yong vicinity po kasi depende po sa survey po kung sino po yong accessible thru walking lang po or malapit or easy transport. So yon lang po yong mga factor na pwede po I consider plus po si Ms. Pambid po mas on hand po.

Ms. Rutchelle Austria: Ang intension po dito is mag create ng task force na conduct naman po ang visibility study. Ngayon po nag aagree po or we support yong intention po ng resolution.

Mr. Adel Udarbe: Good morning po Mr. Chair, sa dami po ng tanong ng brought up ng mga resource person. Justify kung baket kailangan mabuo yong task force kasi this person will remaine to be question hanggat wala po yong task force mag dedetarmine ng kailangan ba mag survey kung sino yong mag aavail or hindi mag aavail na mga studyante mandatory po ba to sa public school lang? Wala ba magiging ano sa private school na same na inconvenience at saka benefits hindi natin ma extend sa kanila. May mga cluster rin ba tayo na school kung saan itong bus na ito school na ito ang ike-cater. Involve ang Engineer na hindi even, halimbawa gaya ng dimention ng kalye ng magkaroon tayo ng isang bus stop, dapat covered yong bus stop. Kasi mga bata ang itatawid yong security ng mga bata should be the primary concern. Para po ma address yong mga question na mga ganun, I belief na magkaroon po ng task force para makita po talaga kung kaya po ba talaga etong school bus system po natin or hindi po.

Konsehal Rey Palabrica: Actually, that will be the responsibility of the task force. All of the question ay to be answer by the subject to the study of the task force.

Ms. Mariza de Leon: Base po on my experience sa mga Committee TWDG na for sa Bacoor, ang question ko po kasi paano po maidentify ng task force na hindi po nila kaya on their own yong pag conduct po ng visibility study dahil mayroon po mas kailangan technical na expertise matutulungan po ba yong task force po doon para ma complete po doon yong study.

Konsehal Rey Palabrica: Definitely naiintindihan natin katulad ng traffics lights natin hindi yan basta denisign natin na kung ano gusto natin minuto ngayon may scientific study yan. Yong mga ganun na technical na bagay na hindi kaya ng task force subject for consultation doon sa mga expert so the task force will recommend to the administration to mayor to Sangguniang Panlungsod kung kailangan niyo yon para we will provide if we can. Thank you.

Konsehal Alde Pagulayan: Si Adella, Atty. Chem is always in touch UP Transportation study sa deparment naman din. Kasi I think it's not only studying. Well of course tama si Treas Atty Edith Napalan na the immediate think the we need right now in order for the task force to proceed and to create the plan is the data survey na. Napagusapan natin kasi before yan I think. Nagkaroon kasi tayo ng situation sa Malipay na kailangan isara yong mga eskwelahan doon sa Malipay Annex so ang challenge sa City Government is kung saan ililipat yong mga studyante ng Malipay at ang napagkasunduan nga ay doon sila sa Georgetown or Mary Homes para dalawa ang choice noon other way this propose confidence or Resolution that is being heard by the Committee of Chairman Advincula will become important sa ganyan. Kasi may mga school's tayo na dislocate yong mga tao pero again let me reiterate na the first thing that we need to do is to have a base line. Magkaroon talaga ng base line. Base line survey na I think as far as this committee hearing is concern kung ang pinag uusapan natin is to create the task force im 100% in favor of it Mr. Chair.

Konsehal Roberto Advincula: Recognize po natin ang pagdating ng ating Councilor Mike Solis. Any suggestion pa po sa ating session.

Konsehal Rey Palabrica: Mr. Chair may nag oppose po ba doon sa creation na taskforce? Tapos include natin ang PTA, Federation Pres., Liga ng mga Barangay, the Representative or the Pres para may involve din ang barangay. Yong mga nandito ngayon yun yong mga nakasulat na ngayon na member ng task force so wala na nag ooppose Mr. Chair para makapag umpisa na siguro sa lalong madaling panahon ng pag aaral ay isinusulong ko po na aprubahan na natin ang proposal na ito para mabuo na officially ang task force na binubuo ng resolusyon na ito so I move Mr. Chair.

Konsehal Alde Pagulayan: Mr. Chair formally to motion to adjourn the proceeding this Committee Hearing. Thank you!

Konsehal Roberto Advincula: Approved adjourn. Thank you po.

After all the discussion and no other matters to be discussed the Presiding Officer adjourned the meeting at exactly 10:55am.
