CITY COUNCIL EN BANC
And
COMMITTEE ON FINANCE AND BUDGET APPROPRIATION
(Lead Committee)

COMMITTEE REPORT
NO. FBA2-001 -S-2025 (6th SP)

Subject: **AN ORDINANCE AUTHORIZING THE COLLECTION AND PAYMENT OF SOLID WASTE MANAGEMENT FEES IN THE CITY OF BACOOR, CAVITE.** – PCO-2025-001 (PCO-2023-147 dated July 7, 2025

Referred to the City Council En Banc on the 1st Regular Session of 6th Sangguniang Panlungsod is the above-subject matter for appropriate action and recommendation.

INFORMATION:

The subject matter was originally referred to this Committee (the lead committee) on January 27, 2024 during the 5th Sangguniang Panlungsod regular session. The pendency of its enactment was due to time consuming preparations and approval of the **Waste Analysis and Characterization Study (WACS)** for the City of Bacoor, a legal requirement under Republic Act No. 9003 otherwise known as the **"Ecological Solid Waste Management Act of 2000".**

Likewise, the City Council En Banc conducted a total of fourteen (14) en banc hearings (the latest was held on October 9, 2025), and two (2) public hearings which were attended by the resource persons from the city government and stakeholders in compliance with the provisions of the Local Government Code and to formulate the applicable waste management plan, including the reasonable waste management fees to be imposed on each classified and categorized solid waste generators.

FACTS/ISSUES:

The existing annual **Environmental and Sanitary Fee (ESF)** being collected by the City Government of Bacoor is no longer realistic and sufficient to sustain the continuing

increases in expenses relative to management, operations and maintenance (i.e. cost of contract on landfill, contract on solid waste hauling and community sanitations), including the cost of implementing the regulation activities and programs on the different establishments and residences.

It has been projected that sooner or later, it will be beyond the capability of the city government to implement the necessary programs and activities to solve the issues in solid waste collection, hauling and disposal, including the maintenance of a friendly eco-environment, due to lack of funds.

Hence, there is an extreme need to formulate a new waste management plan and the imposition of solid waste management fees corresponding to each solid waste generators in order to address the foreseen deficits and the diminishing financial capability of the city government.

It is mandated, however, that a local government unit must comply with Section 17 of Republic Act No. 9003, that is, the completion and approval of **Waste Analysis and Characterization Study (WACS)** prior to the enactment of an ordinance implementing a solid waste management plan.

In Section 17 of Republic Act No. 9003, the following components (information) in the preparation of solid waste management plan of local government units (LGUs) are required, we quote:

"(a) City or Municipal Profile

(1) Estimated population of each barangay within the city or municipality and population projection for a 10-year period;

(2) Illustration or map of the city/municipality, indicating locations of residential, commercial, and industrial centers, and agricultural area, as well as dump sites, landfills and other solid waste facilities. The illustration shall indicate as well, the proposed sites for disposal and other solid waste facilities;

(3) Estimated solid waste generation and projection by source, such as residential, market, commercial, industrial, construction/demolition, street waste, agricultural, agro-industrial, institutional, other wastes; and

(4) Inventory of existing waste disposal and other solid waste facilities and capacities.

UKAS MANAGEMENT SYSTEMS 0273
Cert. no. 24/181809

(b) Waste characterization — For the initial source reduction and recycling element of a local waste management plan, the LGU waste characterization component shall identify the constituent materials which comprise the solid waste generated within the jurisdiction of the LGU.

The information shall be representative of the solid waste generated and disposed of within that area. The constituent materials shall be identified by volume, percentage in weight or its volumetric equivalent, material type, and source of generation which includes residential, commercial, industrial, governmental, or other sources. Future revisions of waste characterization studies shall identify the constituent materials which comprise the solid waste disposed at permitted disposal facilities."

According to the **Manual on the Waste Analysis and Characterization Study**, the pre-WACS activity alone has a duration period of three (3) day waste characterization study, data consolidation and analysis, as follows:

- The Pre-WACS activities includes creation of technical working group; identification of the sources of waste & its proper groupings; sample plan preparation; identification and preparation of WACS materials and manpower requirements.

- The conduct of WACS includes orientation of recorders and sorters on the proper weighing, recording and classification; place segregated wastes in containers and weigh (record weight and volume); mixed thoroughly all characterized wastes by source or randomly collect 1 or half cu. m. sample of the characterized wastes by source then weigh and record volume then characterized again by type to have baseline data (if measurement is to be done by volume)

- The data consolidation and analysis include ensuring quality of data. The data used in the WACS are: Projected Population and Number of Household (using Projected Population). The number of household/residential samples are derived through the use of Slovin's Formula for the sample size computation while the number of non-household/non-residential samples represents at least 10% of each category/sub-category. There must be cooperators who will participate in the conduct of WACS. [1]

THE WASTE ANALYSIS AND CHARACTERIZATION STUDY FOR THE CITY OF BACOOR

As the principal proponent of the ordinance, the **City Environment Service Department (CESD)** presented the Waste Analysis and Characterization Study (WACS) during the series of hearings conducted by the City Council En Banc.

In compliance with the provisions of **"Ecological Solid Waste Management Act of 2000"**, the Waste Analysis and Characterization Study for the City of Bacoor supplied the following mandatory information:

AS OF 2024:

I.	**PROJECTED CITY POPULATION**	757,035 (as per PSA)
II.	**TOTAL LAND OCCUPIED**	13,749,693.35 Square Meters (E-Gov)
III.	**HOUSEHOLD/RESIDENTIAL**	**BASIC DATA**
	• TOTAL HOUSEHOLDS (Residential)	203,712 (ECA)
	• WASTE GENERATION (per capita/day)	0.58kg/cap/day (as per WACS)
IV.	**NON-HOUSEHOLD**	**NO. OF ESTABLISHMENTS**
	• INDUSTRIAL	168
	• COMMERCIAL	14,560
	• SPECIAL-HOSPITAL	9
	• PRIVATE SCHOOLS	153
V.	**SOLID WASTE GENERATED**	**PER DAY**
	• BACOOR CITY	423,015.28kg (as per WACS)

	➢ Per truck (capacity)	34 cubic meter (cu. m.)
	• PRIVATE HAULER	20%

THE PROPOSED SOLID WASTE MANAGEMENT PLAN

The **City Environment Services Department (CESD)** in its presentation of the Waste Analysis and Characterization Study of the City of Bacoor have classified, categorized and grouped anew the waste generators, including the per day solid waste generation in the city.

Under its solid waste management operational plan, the CESD have planned to implement a "house to house" collection system which will cover all of the identified solid waste generators, that is, households, commercial establishments, industrial establishments, sports and entertainment establishments, hospitals, private schools and clinics.

Also, the City Environment and Service Department presented the solid waste generator categorizations with the corresponding sample photographs which are hereunder copied, as follows:

In its presentation held on October 9, 2025, the CESD further presented the following data as the factors affecting the computation of the solid waste management fee. We copy:

COST PER TRUCK	-	₱35,000
WEIGHT OF GARBAGE PER TRUCK	-	9,700kg
HOUSEHOLD (Residential) Waste Generation	-	203,047.93kg/day
WASTE GENERATION (per cap per day)	-	0.58kg
HOUSEHOLD (ECA 2024)	-	203,712
HOUSEHOLD (RPT registered)	-	146,762
HOUSEHOLD (paid RPT-2024)	-	76,478

BACOOR SOLID WASTE VOLUME 2017-2024:

Year	Solid Waste Volume (In tons)
2018	**109,454.8434**
2019	**118,734.3236**
2020	**105,480.826**
2021	**107,650.6**
2022	**112,093.2**
2023	**113,519.1**
2024	**114,925.6**

PURPOSES OF SOLID WASTE MANAGEMENT FEE:

Solid Waste Management Fee	1. Finance the cost of implementing all city ordinances and national laws related to solid waste management. 2. Finance various components of the Solid Waste Management Plan which includes the design, development, construction and operation of a Super MRF, a waste-to-energy plant, and a bio-digester facility. 3. Pay for the cost of collecting, transporting, and disposing solid waste generated from the City and other projects, programs, and activities approved by the Sangguniang Panlungsod.

THE PROPOSED SOLID WASTE MANAGEMENT FEES

While the annual collection of **Environment and Sanitation Fee (ESF)** is retained, the City Environment and Services Department (CESD) recommended the imposition of solid waste management fees for each categorized waste generators, as follows:

1. **FOOD STALLS "A" (outside malls)**

FOOD STALLS (outside malls)							
LARGE (9.57 kg) (cost per kg/year = P1,316.89) (9.75kg/ day and above)	**P12,500**	**MEDIUM (5Kg)** (5.1kg/day to 9.75kg/ day)	**P6,250**	**SMALL (3.5Kg)** (3.51kg/day to 5kg/day)	**P4,166.60**	**MICRO (1Kg)** (1kg/day to 3.50kg/day)	**P3,125**

Private Hauler	**PHP 10,000.00 per month**
Transporter	**PHP 3,000.00 to PHP 5,000.00 per month**

FINDINGS:

1. **It is provided that the various provisions of the proposed "ORDINANCE AUTHORIZING THE COLLECTION AND PAYMENT OF SOLID WASTE MANAGEMENT FEES IN THE CITY OF BACOOR" are supplemental to the "Revised Environment Code of the City of Bacoor". We quote:**

   "SECTION 12. SUPPLETORY APPLICATION TO THE "REVISED ENVIRONMENT CODE OF THE CITY OF BACOOR" AND OTHER CITY ORDINANCES. The various provisions of this Ordinance shall be suppletorily applied in the implementation of City Ordinance No. 438-2025 (the ***"Revised Environment Code of the City of Bacoor"***), City Ordinance No. 447-2025 (the **"Used Cooking Oil and Grease Trap Waste Collection and Disposal Regulation Ordinance of the City of Bacoor"**), and other city ordinances related to waste management."

2. **Compliance with the Ecological Solid Waste Management Act of 2000**

   a. The City Environment Service Department (CESD), Bacoor City, have complied, reported and presented the **Waste Analysis and Categorization Study (WACS)** for the City of Bacoor as required under Republic Act No. 9003.

   b. The critical issues and the contents of the Waste Analysis and Characterization Study (WACS) were subjected to discussions and deliberations during the series of hearings conducted by the City Council En Banc.

3. Compliance with the Local Government Code of 1991

In compliance with Section 186, Chapter V of Republic Act No. 7160, which provides "that the ordinance levying such taxes, fees or charges shall not be enacted without any prior **public hearing** x x x.", the City Council En Banc have conducted **two (2) separate public hearings.**

The first public hearing was intended to and attended by the concerned household or those in the residential category, and the second public hearing was intended to and attended by the representatives from the non-household or those which are categorized under the commercial, industrial, hospital, clinics, and with among other concerned business entities.

4. The solid waste volume per weight (kg) is the base factor in the computation or imposition of Solid Waste Management Fee.

The solid waste management fees are computed based on the solid waste volume generated as per the WACS, and varied on per weight (kilogram) solid waste generated by the households, industrial and commercial establishments, malls, hospitals, clinics, business offices, entertainment establishments, convenience and sari-sari store, private and public markets, with among other solid waste generators.

5. Hauling system as per the Solid Waste Management Plan.

The City Council En Banc took note and considered the implementation of the planned "house to house" solid waste collection, and the basic requirement that must be properly observed and complied with by the households and non-households as provided under the proposed city ordinance.

6. The Imposition of the Solid Waste Management Fees.

The proposed solid waste management fees were thoroughly deliberated by the honorable members of the City Council En Banc and it was found to be reasonable and justifiable.

LEGAL BASIS:

The imposition of environmental and waste management fees is supported by the following statutes.

Republic Act No. 9003

AN ACT PROVIDING FOR AN ECOLOGICAL SOLID WASTE MANAGEMENT PROGRAM, CREATING THE NECESSARY INSTITUTIONAL MECHANISMS AND INCENTIVES, DECLARING CERTAIN ACTS PROHIBITED AND PROVIDING PENALTIES, APPROPRIATING FUNDS THEREFOR, AND FOR OTHER PURPOSES

x x x

"SECTION 47. **Authority to Collect Solid Waste Management Fees.** — The local government unit shall impose fees in amounts sufficient to pay the costs of preparing, adopting, and implementing a solid waste management plan prepared pursuant to this Act. The fees shall be based on the following minimum factors:

(a) types of solid waste;

(b) amount/volume of waste; and

(c) distance of the transfer station to the waste management facility."

"Republic Act No. 7160

(xiii) Provide for an efficient and effective system of solid waste and garbage collection and disposal; prohibit littering and the placing or throwing of garbage, refuse and other filth and wastes;"

RECOMMENDATION:

In view of the foregoing, and considering the extreme necessity to formulate a solid waste management plan and to impose the corresponding waste management fees to address the diminishing financial capability of the city government, the Honorable Members of the City Council En Banc hereby recommend ***TO APPROVE*** the city ordinance pertaining to the Waste Management Plan of Bacoor City, and authorizing the collection and payment of solid waste management fees in the City of Bacoor, subject further to the existing laws and government policies for the purpose.

WE HEREBY CERTIFY that the contents of the foregoing report are true and correct.

Signed this 15th day of October 2025 at the City of Bacoor, Cavite.
