WHEREAS, as of 18 April 2021, at least three (3) health centers under the City Health Office situated within the City of Bacoor, Cavite has temporarily ceased operation due to the infection of various health care workers under the employ of the CHO with the dreaded COVID-19.

WHEREAS, the number of physicians now effectively working under the CHO is perilously low because many of their colleagues have fallen ill due to COVID-19 or have already resigned because of the financial, physical, emotional and mental stress caused by the pandemic.

WHEREAS, the number of Bacoor City residents afflicted by COVID-19 continue to rise every day while the number of health care professionals under the employ of the CHO who can care for them continues to dwindle.

WHEREAS, while the city government has enough funds to hire more health care workers, no health care professionals are applying for available vacancies under the plantilla of the City Health Office because the salaries being offered by the city government under existing civil service regulations are not enough to attract them to work for the CHO and help battle the ravages of COVID-19.

WHEREAS, the existing plantilla of the CHO is short of Nurse III positions which results in a significant diminution in the ability of the said office to effectively address the public health threats posed by COVID-19.

WHEREAS, the situation painted above poses a serious threat not only to public health but to the general welfare as well which would justify the creation of additional plantilla positions under the CHO and the payment of additional benefits for health care professionals now under the employ, and those yet to be employed, by the city government who are directly engaged in the treatment, surveillance, monitoring of COVID-19 patients within the City of Bacoor, Cavite.

NOW THEREFORE, be it ordained by the 4th Sangguniang Panlungsod of the City of Bacoor, Cavite THAT:
